# 01 ABOUT US

## Who We Are

PT Nusa Konstruksi Enjining Tbk (NKE) is Indonesia's largest independent, non-state-owned general contracting company with construction and engineering as its core businesses. NKE's construction and engineering capabilities cover both civil and building works.

## What We Do

Augmenting its core construction activities, NKE has expanded into renewable energy, resources and property development related businesses. With its track-record performance, the Company has built a strong foundation for future growth. NKE now has further diversified itself with hydro-electrical power facilities projects for the energy sector and is deepening its involvement in the coal mining industry.

## Where We Are

Our business spans within and beyond the Jakarta Region, reaching across the Greater Indonesian Archipelago. NKE has successfully completed more than 150 infrastructure projects as well as over 170 building projects since its establishment, and continues to expand our business.

# 02 COMPANY HISTORY

## 1982

Starting out as PT Duta Graha Indah, a construction company established in Jakarta on January 11, 1982, NKE has grown into a large and resilient enterprise capable of complex structural and infrastructure projects throughout Indonesia and internationally.

## 1986

The Company ventured into the infrastructure sector in 1986, when it commenced road construction projects in Sumatra.

## 1990

In the 1990s, the Company expanded into Nusa Tenggara and Sulawesi, working on various infrastructure projects, including dams, irrigation canals, ports, flood mitigation, shore protection and river normalization projects. The Company received recognition for major projects including Antokkan irrigation project (Padang, West Sumatra), the runway at Hasanuddin Airport (Makassar, South Sulawesi), Indonesian Stock Exchange building (Jakarta), Grand Indonesia complex (Jakarta), the Dharmawangsa Hotel (Jakarta) and Amartapura Apartments (Karawaci, Tangerang).

## 2007

NKE listed an initial public offering of 1,662,345,000 shares on the Indonesian Stock Exchange. The release of this 30 percent stake not only generated a more robust equity structure, but provided the catalyst for greater transparency and governance practices.

## 2008

In the midst of favorable market conditions, the Company expanded into the mining infrastructure sector.

## 2009

NKE expanded its operations overseas and established offices and subsidiaries in several countries.

## 2010

The Company established Duta Graha Arabia in Saudi Arabia. NKE also became the first Indonesian construction company to win infrastructure contracts in Timor Leste.

## 2012

The new name, PT Nusa Konstruksi Enjiniring Tbk marked the Company's restructure, including a new corporate strategy focusing on diversification into the energy sector, and private sector projects.

## 2013

Supported by a skilled and experienced professional work force, NKE currently operates in major cities throughout Indonesia via four fully operational branches. With its Management's visionary strategy, the Company continued to exhibit strong growth and delivered increased shareholder returns.

## 2015

NKE signed a joint venture with Australian mining company, Macmahon Holdings Ltd, to undertake mining projects and consequently sealed the Martabe gold mining project in North Sumatra. Since then, NKE has continued to attract joint operations with leading international companies including Hyundai Engineering & Construction Co. Ltd., Tokyu Land, TOA Construction, CSCEC Straits Construction and Development Co. Ltd.

# 03 VISION AND MISSION

## Vision

**TO BECOME THE LEADING DIVERSIFIED  
CONSTRUCTION AND ENGINEERING  
COMPANY IN INDONESIA.**

## Mission

- DEVELOP THE ORGANIZATION THAT ALWAYS SELF IMPROVEMENT AND ADAPT WELL TOWARDS THE CHANGES.
- DEVELOP THE IDEA OF SOME POTENTIAL BUSINESS TO INCREASING REVENUE AND PROFITABILITY.
- BECOME PIONEER OF WORK METHODS, EQUIPMENT AND TECHNOLOGY IN THE WORLD OF CONSTRUCTION AND ENGINEERING IN INDONESIA.

# COMPANY VALUES

## ● COMMITMENT

The Company upholds commitment in terms of:

- The governance as public company
- The enhancement of Company's profitability
- The enhancement in quality and timely delivery of work

## ● INTEGRITY

Integrity is core value that uphold by the Company. This means we seek to embed a culture of honesty and good faith as the primary for all business activities of the Company.

## ● DISCIPLINE

To ensure safety and quality standards, NKE promotes a culture of discipline throughout all levels of the organization.

## ● TEAMWORK

NKE prioritise the successful of teamwork to generate excellent product and trusted.

## ● ACTION ORIENTED

No company can grow effectively without detailed planning, but NKE remains flexible enough to take quick and decisive action to respond to any threats or opportunities.

# PEOPLE

NKE considers employees as the main asset of the Company, and so we invest in their development accordingly. Beginning with recruiting the best talent for all levels of the organization, we invest in skills development with our continuous training program.

The Company makes a significant investment in training and it is mandatory for all employees. One of NKE's growth strategies is to recruit the best people and to develop all our staff. The training offered by the Company doesn't only focus on technical skills but also includes broader management skills and career development.

# 10 SAFETY AND CERTIFICATION

Occupational health and safety have always been the highest priority at all NKE's operations and the Company has been recognized by the Ministry of Manpower and Transmigration for its efforts with the award of Management Systems Occupational Health and Safety (SMK3). NKE has also met all requirements for the international standard OHSAS 18001:2007. Furthermore, we also provides health insurance through membership of worker's social security program (BPJS Ketenagakerjaan). At the same time, the Company's concern for the environment is reflected in the ISO 14001 : 2004 + Cor 1 : 2009 which is the latest issued for environmental management.
